FIG. 4 is a perspective view of the device 10 in a closed position. The device 10 includes a housing 24 and a plurality of fingers 26. The fingers 26 are arranged in a row and are connected to a common base 30. The fingers 26 are shown in a closed position, where they are folded against the housing 24. The device 10 is shown in a perspective view, with the housing 24 and the fingers 26 being the primary components. The fingers 26 are arranged in a row and are connected to a common base 30. The fingers 26 are shown in a closed position, where they are folded against the housing 24.
